BIBLE READ-THROUGH

YEAR READING PLAN

Below is year reading plan through the book of Romans. The goal of this plan is not simply completion, but comprehension and understanding. For a deeper experience, we encourage you to journal through this journey. Below we have provided a Bible study guide using the "ABIDE" study method:

CONTEXT - Before diving into a book of the Bible, it's important to have a general understanding of the historical and cultural context. Start by asking a few framing questions:

1. Who wrote the book?
2. Who was the book written to?
3. Why was the book written?

OBSERVATION - List main observations from the passage (ie. key phrases, repeating phrases or concepts, lists, comparisons, contrasts, commands, unknown words)

INTERPRETATION - What is the overall theme or purpose of the passage? (**tools** - use a Bible commentary, what is this passage saying in your own words, how does this relate in the Gospel story?)

APPLICATION - What practical way can I apply the theme of this passage to my life? (**ask yourself** - what did I learn about God from this passage? Is there an area in my life that I need to take action in as prompted through this passage?)

RESOURCES - Bible reading plans, tips, tools and a community of people reading through the Bible together!
